## 2 Eureka! and 3 Technocity

### Exhibitions

*Eureka!* - the focus is on science;  
*Technocity* - the focus is on technology

- In each hall, some forty interactive games and challenges grouped in various zones.

### Themes

- *Eureka!* - health, matter, waves, habitat and forces
- *Technocity* - computers and robotics, design and development, communication and information, and energy and resources
- Also, *Docu-Zones*: videos, magazines, books for more information on the different subjects.

Also at the Montréal Science Centre...

### Energy Art

Supporting Montréal Schools program  
Exhibition – levels 1 & 2  
Until May 2007

Students from elementary and high school have created works on the theme of energy. They explore different aspects of its presence in the body, in nature and in matter. It's very imaginative and very colourful!

### 36 Solutions

Exhibition - levels 1 and 2  
36 Canadian innovations that use technology in innovative ways.

### Titans Award

Contest  
Until January 15, 2007

For young people age 16 and under: Among the innovations from the 36 Solutions, vote for the one you consider to be the most useful to society or to the planet. Contest ends January 15, 2007. Entry forms and contest boxes indicated on the map with a 'V'.

### The Montréal Science Centre All-Nighter

Event  
March 3, 6 p.m. to 10 p.m.

Free admission to the *Ice Age Mammals*, *Eureka!* and *Technocity* exhibitions.
